

G2J Services : compatible with the latest mobility tools from Apple

G2J moves and goes with you on the latest mobility tools: the iPad 2 iPhone 5!

While the iPad 2 has been released and the release of the iPhone 5 is a matter of weeks, G2J is now ready to announce the compatibility of its video conferencing services with the last born product in the Apple's range

It's a fact you can connect to our virtual room whatever your equipment and your network! The latest Apple tools cannot escape the rule. You will be able to attend your meetings anywhere, from your iPhone 5 or your iPad 2!

G2J keeps on riding the wave of mobility

A few months after the release of its first iPhone application (free), Dr. Meeting, a directory listing 4,500 videoconferencing and telepresence rooms combined with a booking tool, G2J goes further as regards mobility tools.

Stay connected wherever you are and ensure the continuity of your business: G2J removes all your downtime.

The fashion and user-friendly tools of Apple combined with G2J expert services: Experience next-generation mobile video conferencing!
